(Start Belt #12)

CLERK: 27 ayes Mr. President, no nays.

SPEAKER: Bill is advanced. We'll come to L.B. 399.

CLERK: Legislative Bill 399. Mr. President, this has some amendments by Senator Waldron who isn't here. Legislative Bill 399, introduced by Senator Anderson of the 37th district. (read). There are committee amendments by Senator Warner's Education Committee (read).

SPEAKER: Senator Warner.

SENATOR WARNER: Mr. President, I move adoption of the amendments. These are correct--truly corrective language. The, if you look down on line 14 and 15, it inserts the word "and" and what, this is amending the old--the current law that was intended at the time it was passed that both items that are spelled out here were to be necessary but to clarify that so there wasn't any question, the word and, a-n-d, does, does indicate that and that's the purpose of the committee amendment.

SPEAKER: Any further discussion of this amendment? All those in favor of adopting Senator Warner's amendment say aye. All those opposed--the amendment is adopted.

CLERK: There is now pending a motion by Senator Waldron to amend the bill.

SPEAKER: You--oh, Senator Anderson will take it from here.

SENATOR ANDERSON: Mr. President and Members of the body, I think the amendment proposed by Senator Waldron could become highly controversial so I would move that we pass the bill over.

SPEAKER: Bill be passed over--so ordered.

CLERK: Mr. President, we have a request to take up L.B. 319, on general file by Senator Richendifer.

PRESIDENT: 319?

CLERK: Yes.

PRESIDENT: Senator Richendifer, do you have a comment before we take up the bill?

SENATOR RICHENDIFER: Mr. President and Members of the Legislature. This is, I believe a non controversial bill. There was only one objection in committee on it. Most of the insurance companies have agreed to the increase and the search for abstracts in the Motor Vehicle Department. Is this unanimous consent, Mr. President, is this unanimous consent to bring it up today?

PRESIDENT: Well, let's see if we have an objection. Senator Lewis, are you objecting to bringing up 319, does anyone object to bringing up L.B. 319? Senator Lewis? Okay. Senator Proud?

SENATOR PROUD: No, Mr. President, no objection. I, Senator Richendifer asked me about this so my judgment is that anybody now, since we've gone through the list of so called non controversial bills, who truly feels he has a non controversial bill, I think now is the time to take it up but if there are any objections whatsoever then we should immediately pass it over and go to one that is truly non controversial.

PRESIDENT: Well, okay, are there, Senator Warner? Senator Schmit, are you objecting here to Senator Richendifer's 319?
